

JESUS Film Harvest Partners (JFHP) began in 1998 as a collaboration between Campus Crusade for Christ (CCC) and the World Mission Department of the **Church of the Nazarene**. CCC approached Dr. Louie Bustle, Director of World Mission, about partner-

ing with them to show the JESUS Film to reach the lost around the world. Because of its strong global mission's network, the Church of the Nazarene had the infrastructure and people in place to show the film, disciple new believers, and start new churches. This was the Church's first partnership of its kind using the JESUS Film. Today, JFHP collaborates with many other Kingdom ministries to make Christ-like disciples in the nations.

Since the inception of **JESUS Film Harvest Partners**, each day on average

- **12,766 evangelistic contacts** are made,
- **2,260** individuals become **new believers** in Christ and
- **four new mission churches** are planted.

Through the miraculous moving of the Spirit, over 50 million evangelistic encounters have been reported by JESUS Film teams worldwide. People see JESUS for the first time in the bush in **Kenya**, at a dining room table in **Asia**, at a street showing in **Guatemala**, in a mountain village in **Peru**, and on a patio in **Cuba**. The outcomes of the ministry impact eternity and represent one of the most powerful evangelistic efforts of all times. Yet, the work must continue — millions still have not heard the Gospel.

EXPERIENCE THE HARVEST ON A MINISTRY TRIP

Equipment for teams is transported by groups who take Ministry Trips to assure the resources are safely delivered. Your church, family, or group can fund an equipment set and take it to a priority world location.

Testimony of trip member—

"We felt a spirit of togetherness with the people. A ceremonial meal was prepared for us by the prominent religious group in the community where we were working. It was truly a blessing to be welcomed and loved by this group. One of the men, a senior official in the town, hugged each of the members of the team. We really felt we were being examples of Christ for these people and they saw Him through us."

"Please pray for our safety and ministry," said the team member in Nepal. "We are in danger much of the time because we show the JESUS Film in an area heavily populated with a dominant religious group. At one showing, a priest interrupted the film yelling that we were spoiling the Nepalese culture with this religion. He told us to stop showing the film, but so many people were watching the film that we did not want to stop it. Finally, one of the men stood up and told the priest to either sit and watch the film or leave. The priest silently disappeared from the crowd."
